Caregivers Support Group

The Caregivers Support Group will meet Sunday, August 14, 2011 at 9:45am in the Fellowship Hall. Our guest speaker will be Dr. Alfonso Martinez of The Neuropsychology Center located in Peachtree City, Georgia. Neuropsychology deals with brain disorders and how they affect a person's thinking and behavior. In the case of adults, neuropsychologists examine individuals who are experiencing problems

with memory, language, and other mental abilities. For mature adults with memory loss, an evaluation is essential to differentiate conditions such as dementia, depression, and normal age-related memory changes. Please attend this very informative session.

Our September meeting will focus on meditation with a guest expert. Caregivers and partners/patients are invited to attend. A follow-up of this meeting will continue in October with Dr. McCoy as facilitator.

For further information, contact Rose Lewis.
